FOR RELEASE ON TOKYO, Japan, Sept. 1,2023

“Shepherd’s Crossing” is coming to Nintendo Switch™ in North America and Europe on September 7,2023!

SUCCESS Corporation (Main office: Tokyo, Shinagawa, CEO: Yoshinari Takato) will release “Shepherd’s Crossing” on the Nintendo e-Shop in North America and Europe.

About This game

Players are given a single box garden (ranch), which they use to raise animals and crops. There is no money in this world, and players live on a ranch by bartering animals and crops. The game naturally has a main storyline. However, progressing through the storyline is not the only end goal of the game. Players decide for themselves what the ultimate goal of the game is. Shepherd’s Crossing is a ranching simulation game that pursues the fun of adding what you want and the fun of creating your favorite landscape.
