What is 'ABYSS SEEKER --What Do You See Deep in The Abyss'

'ABYSS SEEKER' is inspired by the critically acclaimed 'HEAVEN SEEKER' currently available on Steam and other platforms. Players control their characters freely, striving to survive against waves of enemies within a set time limit. Each stage culminates in a boss battle, and defeating the boss allows players to advance to the next dungeon. As with the original game, players can customize their characters' attacks by combining items acquired during level-ups, enabling them to create unique, personalized combat styles.

'HEAVEN x ABYSS SEEKER Bundle' Now Available
