Prices include tax and may vary depending on the platform.

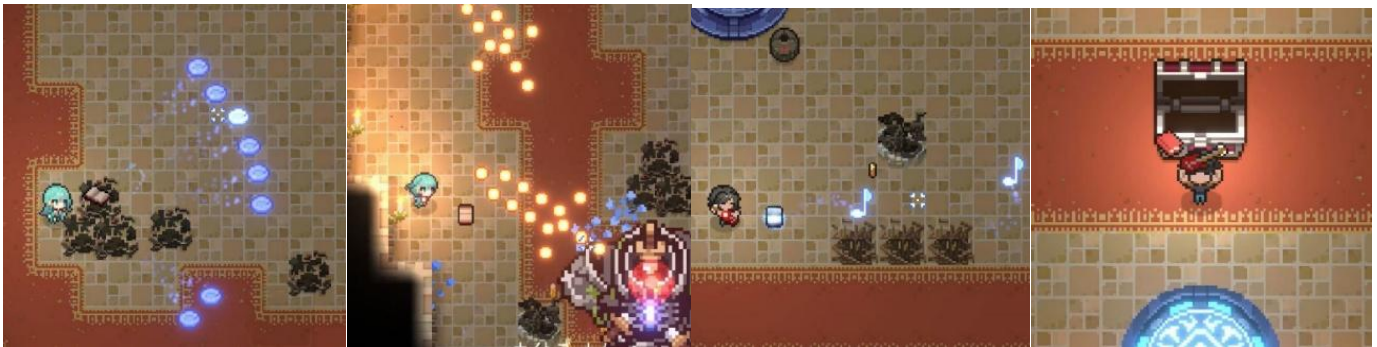

A special collaboration DLC with the Takadanobaba arcade “Game Center Mikado” is also available now!

This DLC adds special “Form Skills” that transform the appearance of *HEAVEN SEEKER* characters into Game Center Mikado’s manager **Ikeda Minorock (Rock Form)** and the arcade VTuber **Mikado-chan (Mikado Form)**.

When using a Form Skill, the character’s appearance changes, and their shots are replaced with exclusive ones.

Additionally, unique starting artifacts (items with passive effects) exclusive to each form are included.

Price: \$3.99

Note: This content requires the full version of the game (sold separately).

This DLC does not add new characters.

The skill only affects the character’s appearance and starting items. In other aspects, such as the inventory, event scenes, and Sky Castle History, the character will be treated as their original version.

What is HEAVEN SEEKER – The Savior of This Cruel World?

HEAVEN SEEKER is a twin-stick roguelite shooting game where you aim to conquer the Sky Castle using your own custom shot combinations.

The dungeon layout changes with every run, with terrain, enemies, and items randomized.

If your HP drops to zero, you lose all items obtained during that run.

Not only the dungeon contents, but also the customization items are randomized, making every attempt feel fresh and challenging.
